STEAMER PASSES UP.

Carries Two Thousand Tons of Paving Block From England.

The Furness line steamship Austriana passed this city about noon yesterday for Washington with about 2,000 tons of paving block made from the slag of the iron furnaces of Middlesboro, England. She is a big steamer, registering 4,000 tons and being 345 feet long, forty-seven feet beam and drawing nineteen feet of water.

NEWS OF THE DAY

Answering criticisms of his action in marrying a second time within a year after his first wife died, the Rev. C. S. Holden, sixty, of the Market Street Baptist Church, Zanesville, Ohio, told trustees today he was forced to it by women members of his congregation. The pastor explained that unmarried ministers are put in an embarrassing position; that some women were in the habit of squeezing his hand, many insisted on whispering endearments, and one really proposed.

Hiding behind the stoop of his home in Philadelphia, to escape flying bullets from the revolver of a man who was fighting a duel with two highwaymen, Samuel Stryon, twenty years old, was shot and killed instantly at New market, near Brown street, early yesterday.

Mrs Rose Neal, thirty, tried to kill herself at Evansville, Ind., by jumping into the Ohio river. The woman has a wooden leg and this prevented her sinking.

Lightning struck Lomineck Gross, Jr., an Italian boy, as he was drinking a glass of water during a storm at Watertown, N. Y., picked him up by his feet and tossed him across the room against the wall. The lightning was attracted by the nails in his shoes and burned the soles of his feet. He was otherwise unhurt.

Five men and a woman were arrested at Ashland, Ky., yesterday afternoon as the result of a confession made by Norman Bays, who says John Jackson and Moses Brock, steel workers, and M. F. Borders and his wife, hotel proprietors, offered Bays $4,000 to assassinate Harry Dingman, a wealthy steel man, who carries $7,500 insurance. The policies were in Mrs. Borders' name and they needed the money, according to Bay's confession. He was arrested with the others. Bays said he had made four attempts to carry out his contract, had wounded Dingman once by shooting and had thrown him from a train. Dingman was not badly hurt. All are in jail.

Rev. W. D. Alsbury, of Pattonsburg, Mo., was brought to a St. Joseph, Mo., hospital to have grafted back on his head an ear bitten off by James Lovejoy, a neighbor, with whom the minister had quarreled. The trouble began when the minister protested against Lovejoy fencing in the public roadway so his stock might pasture there. Lovejoy is said to have knocked the minister down after an exchange of hot words. Alsbury retaliated in kind and then Lovejoy chewed off his ear, it is charged, and administered a beating. Lovejoy surrendered to the Pattonsburg authorities.

Robert M. Maloney, known on the stage as "Willard the Wizard," committed suicide yesterday afternoon in the jail at Cincinnati, where he was being held pending action by the grand jury on a charge that he killed his wife and baby in a local hotel last December.

Twelve persons men, women and children, were drowned last night when a motor launch in which they were returning home after a day's excursion struck a submerged log in the Oswego Canal near Syracuse, N. Y. The launch was equipped with life preservers, but because of the darkness it was impossible for the passengers to equip themselves before they were thrown into the water.

Elizabeth Crawford, of Newburgh, N. Y., 40 years of age, while serving a sentence in the county jail at Goshen, became violent, and stripped off her clothing, tried to squeeze out between the bars of a window in her cell. She became wedged fast, with her legs protruding into the street, and the attendants had a difficult task to extricate her from her position.

Sixteen sheet iron and tin plate plants, employing more than 4,000 men, will close down for an indefinite period on July 1, it was announced in Atlantic City yesterday, as a result of the failure of the Amalgamated Iron, Steel and Tin Plate Works Association and the owners of the plants to agree on wage rates. The plant owners refused increased pay, declaring that a state of depression existed in their business.

REBELS SET UP CIVIL REGIME

Municipal Officers Named by a Vote of the People.

30,000 NEAR SALTILLO

Constitutionalists Concentrating for an Attack in the Southern Section of Mexico.

Saltillo, Mexico, June 22.—The entire northern part of the State of Vera Cruz and most of the State of Pueblo now are under control of the Constitutionalists, it was announced at General Carranza's headquarters.

General Nicolas Flores reported by telegraph that he had taken the town of Orizatlan in the State of Hidalgo and placed himself and 4,000 men at the orders of Genera Carranza. A report signed by more than 1,000 citizens of that town decared civil government and municipal offices have been established by popular election. General Flores heretofore has not been able to communicate with headquarters. It was reported also that municipal officers had been named by popular vote in many towns in Pueblo.

With the establishment of telegraph communication to that region, General Carranza gave orders direct to General Cantamacho and other chiefs of the central States.

Thirty thousand men have been concentrated near here in preparation for a campaign toward the south, and trains are arriving daily from the north with troops of General Gonzales, commanding the army of the northwest, and General Villareal, of Nuevo Leon. Governor Pator Rouix, of Durango, and Generals Murgia, Elizondo and others arrived during the week and conferred with General Carranza regarding the southern campaign.

MURDERS HUSBAND.

Wife Says She Was Afraid he Would Marry Again.

Boston, June 22.—Henry H. Folsom, of the law firm of Powers, Folsom & Powers, of this city, was shot and killed by his wife, Mary Hardy Folsom, while the couple were driving in a carriage from the Exeter, N. H., railroad station toward their farm in Rockingham, Saturday afternoon. Mrs. Folsom is under arrest at Exeter. She is undoubtedly demented and is said to have exhibited homicidal tendencies for several months past; even grasping the wife of a neighbor by the throat and threatening to kill her.

After Mrs. Folsom had been arrested she was asked why she shot her husband. She replied:

"Because I loved him. I was afraid he was going to marry another woman."

TO THE OWNERS OF DOGS.

The law of the city makes it the duty of the Mayor to give public notice to persons owning or harboring dogs to come forward and take out license for the same from the City Auditor or be reported and fined upon failure to do so.

The license law requires this tax to be paid before July 1, 1914. The law also requires that the tag shall be worn on the collar of the dog. This is a requirement that can and must be complied with. The policemen are expected and are directed to report to the police court the owners of all unlicensed dogs. The license on each dog regardless of sex is ($1.50) One dollar and fifty cents.

IMPORTANT DISCOVERIES

Motorboats to Be Made More Terrible than Dreadnoughts.

Rome, June 22.—The nervousness with which Marine Minister Millo replied the other day to an interpellation of a deputy on what has been done in order to reserve to Italy the exclusive use of Engineer Guilo Ulivi's invention for exploding mines and projectiles at a distance, has been interpreted here today as a sure sign that world armaments are on the verge of a revolution as great as that brought about by the invention of gun powder.

Since the day when at Florence, in the presence of a committee of admirals and experts, Ulivi succeeded in exploding one by one four mines placed in the Fiver Arno from a distance of four miles, the general staffs of the army and navy held a number of secret sittings to consider the purchase of this invention, and also to discuss with experts what change must be made in the chemical composition of the shells in order to be safe from the effects of such an inventio nas this in the hands of a foreign power.

As the government now considers Ulivi's invention a state secret, the press has ceased all comments and descriptions of the invention, while Ulivi has suddenly disappeared.

Today another piece of news comes from Syracuse. A young electrical engineer, Salvatore Spadoni, beside claiming priority of invention over Ulivi, expresses willingness to test before government experts another invention, destined further to embarrass the government's selection of new armaments. Spadoni, in fact, claimed that a motorboat fitted with his apparatus, is more powerful than the most up-to-date dreadnough armed with a score of 14-inch guns or any number of guns.

THE WEATHER THIS WEEK.

But no Unusually High Temperatures Are Expected.

Unsettled, showery weather was scheduled for today over the northern districts east of the Rocky Mountains, probably continuing Tuesday in the Middle Atlantic States and New England, with generally fair weather following the remainder of the week. The bulletin continues:

"Over the southern half of the country generally fair weather will prevail throughout the week except in Florida, where occasional local thunder storms are probable.

"It will be warmer early in the week in the East, but unusually high temperatures will prevail during most of the week over the northern districts east of the Rocky Mountains.

"In the South and Southwest temperatures will be rather high.

"West of the Rocky Mountains fair weather will prevail with moderate temperatures, although somewhat higher by Tuesday over the northern districts."

The sun beamed down on Alexandria for fourteen hours and forty-eight minutes yesterday, just two minutes longer than any other day in 1914.

The weather throughout most of last week had been cool, but the temperature rose to an uncomfortable point yesterday and continued so until night, when clouds gathered in the southeast. It began to rain about ten o'clock and there were several refreshing showers, accompanied by a brilliant display of electricity.

MUST OBEY LAW.

No Railroad in State Authorized to Accept Corpses Without Permits.

Richmond, June 22.—The State Board of Health announces that undertakers shipping bodies within the state will be required to conform to the new law and to use the form of transportation permit authorized by the last general assembly.

The new law, which was introduced and passed at the instance of the State Funeral Directors' Association, does not differ in material respects from the old act, but prescribes a new form of transportation permit, without which no railroad is authorized to accept a body for shipment.

The state board of health was directed by this statute to provide the printed forms, and now has them ready for distribution. Copies will be sent all undertakers and will also be supplied other persons who request them.

VILLA MAKES A DARING ATTACK

Rebel Chieftain Leads in Assault Upon Mountain Stronghold.

CITY IS SURROUNDED

Reaching Crucial Point in Campaign Against Capital City—San Luis Potosi Only Other Obstacle.

Saltillo, Mexico, June 22.—Personally heading an army of 25,000 men, General Francisco Villa led a general assault on Zacatecas today, inaugurating a battle which is expected to prove the crucial one on the campaign to capture Mexico City and dethrone Huerta.

Dispatches from Zacatecas say Villa arrived there late last night, coming to the rescue of General Panfilo Natera, whose forces had been driven back by the federals under General Medina Barron. Today, at dawn, it was reported Villa started to storm La Bufa hill and Guadalupe, the two mountain fortresses which guard Zacatecas to the north and southeast. Villa's plans were said to be personally to lead the attack on La Bufa and, if necessary, he will place himself in the van of the force which must storm the heights guarding the city, which lies in a deep mountain gorge.

Villa's putting the ability of his army to an open test before Zacatecas is declared here to be his most daring exploit. The city is defended by Barron with not less than 15,000 men, who are entrenched in hundreds of abanodned mine workings on the slopes of La Bufa. If the rebel chief can infuse the dash and daring necessary to La Bufa's capture into his men, San Luis Potosi would then be the only obstacle in a march to Mexico City. Its fortifications are weak compared to those at Zacatecas.

It is stated here that Villa's forces have Zacatecas entirely surrounded and that re-enforcements from Huerta can not possibly relieve the city. If this proves to be so, Villa may not make a real attempt to storm La Bufa hill. If the certainty of heavy loss to the rebels is developed, Villa then is expected to hold his army in front of the city and try to starve Barron's federals into sumission.

Niagara Falls, N. Y., June 22.—Efforts to patch up the tottering mediation program were made today. The A. B. C. mediators met with the American delegates and later in the day a full conference is expected.

Modified proposals for settlement of the Mexican embrogilo were submitted by the A. B. C. group. Selection of a provisional president—the snag in the proceedings—was temporarily laid aside. Consequently the proceedings looked more hopeful than at any time for more than a week.

Ambassador Naon's plan today was based on his own ideas, coupled with suggestions he gleaned in Washington from President Wilson and Secretary of State Bryan.

Carranza's reply, reiterating his refusal to agree to an armistice, was expected today, but the mediators were prepared to ignore further communicating in this tenor. There was prospect, that constitutionalist delegates would come here for further talk with the American delegates—thus having a semi-official representation in the conferences. The A. B. C. group and the American delegates were more confident today that the constitutionalist difficuty would be swept aside in a solution satisfactory to all parties.

ZELL SUIT FOR $10,000.

The Circuit Court of Alexandria county, with Judge J. B. T. Thornton presiding, this morning commenced the suit of Ann E. Zell, administratrix of Ernest Zell against the Washington and Old Dominion Railway Co. This is a damage suit for $10,000 for the death of Ernest Zell while crossing the tracks of the railroad near Hume Springs in an automobile. In the accident William H. Peck, also of this city, was killed.

CARDINALS BREAK EVEN

Cardinals Lose Saturday's Game and Win Yesterday.

The Cardinals and the Agricultural Department team played in the Park Saturday and the home lads lost, 6 to 4. Jack Risdon pitched an excellent game and was backed up by "Bird" Trenary in fine style, but errors at critical stages and several decisions against the Cardinals that made tallies for the Aggies, caused them to get the small end of the score, although the Cardinals outplayed and surpassed their rivals in batting

Yesterday the fast team from the U. S. S. Mayflower, stationed at the Navy Yard, Washington, visited this city and lost to the Cardinals, 8 to 3.

The sailors played a ratling good game and accepted many hard chances during the fray and showed that they could play baseball with the best of amateur teams.

The Mayflower boys were the first to bat and "Jack" Risdon, with the aid of fast and puzaling twirlings, and his comrade, Jimmy Patterson catching, everything coming his way, with Devers, Snowden, Nugent, Lynn, George Allensworth, Owens and last, but not least, Dug Merchant, the laddy buck who grabs all kinds of throws to the first sack—all working like clockwork, held the mariners safe. In the eighth inning "Bird" Trenary, who had relieved "Lucky" Lynn in the sixth innig in left field, entered the box in place of Risdon, who went to the left garden in his stead. The lieutenant smiled, let the ball sail over the plate, and when the sailor lads connected with the sphere his teammates would retire them in order.

Runs made—Cardinals, Nugent, 3; Allensworth, 2; Devers, 2; Merchant, 1; total, 8. Mayflower, Hines, Guy and Dickman, 1 run each; total, 3.

Umpire—Luther Sutherland.

The U. S. S. Mayflower team is composed of the following-named ballplayers, and every man a good one in his position: Anderson, Back, Clerk, Dickman, Fox, Guy, Hines, Reynolds and White, and they also have in reserve some excellent substitutes to use in games when necessary.

DYNAMITE WRECKS HOME.

Five Sticks Placed Inside Door of Frederick County Dwelling and Exploded.

Frederick, Md., June 22.—The home of Chester, Wiles at Yellow Springs, near this city, was dynamited and partially wrecked Thursday night. Five sticks of the explosive were set off inside the front door and most of the furniture was broken.

The room in which the explosion occurred and its contents were demolished. The neighborhood is wrought up over the affair and the authorities have been asked to make an investigation.

Two days ago a farmer of that locality received a cigar wrapped in paper. Becoming suspicious, he cut it open and found a dynamite cap large enough to have killed him had he applied a match. The same day John Fox lighted a cigar received from an "unknown friend" and was badly injured by the explosion of a concealed dynamite cap.

It is thought the dynamiting is the result of grudges. The locality is at the foot of the mountain where frequent disturbances have occurred. It was in this section last summer that forest fires were started which caused the loss of thousands of dollars.

Chester Wiles and Grafton Tyler, while viewing the wreck of the house today, got into a fight. Alvey Wiles, Robert Tyler and Charles Craver became involved and a general melee ensued in which Chester Wiles and Grafton Tyler were hurt. All the parties were placed in jail.

ANTI TRUST BILLS ARE UP THIS WEEK

Democratic Leaders in Senate Plan for Prosecutng This Work.

DESIRE TO GET AWAY

Members Convinced, However, that President Wilson Intends to Hold Congress Until This Is Done.

Washington, June 22.—The Senate today began work on antid-trust legislation. Senator Newlands will bring the first measure on the program to the floor by calling up the Federal trade commission bill recently completed by the Interstate Commerce Committee. No one in the Senate is ready to predict when the program will be finished or in what shape it will go to the White House for the President's signature. Leaders of both parties are convinced, however, that the President intends to see that Congress stays here until the anti-trust work is done, and while there is the same old desire to get away, there are not many who think adjournment possible until the trust bills are passed.

An effort may be made during the week to aid in expediting these bills through the Senate. Democratic leaders are anxious to have the party get together in a conference and determine its line of action before the measures are far on their way. Senator Kern, majority leader, who has been out of town, is expected back within a few days, and on his return the subject of a party conference will be taken up in earnest. Many Democrats believe that a conference will serve to give notice to Republicans that it would be useless for them to struggle against the Democratic determination to enact its own form of trust legislation, and that this attitude will aid in bringing about adjournment late in July or early in August.

Secretary Bryan will make his third appearance today before the Senate Foreign Relations Committee to discuss the treaty with Colombia and the proposed pact with Nicaragua. Opposition to both these treaties has been unusually strong, and it seems probable that the Colombia treaty cannot be ratified without a long fight in the Senate. The proposed treaty with Nicaragua is yet to be drawn and signed by the two countries. Proposals for changes in the tentative draft made by members of the committee may be accepted by Mr. Bryan. This would aid in securing the votes necessary for approval ,but there are many indications that a thorough investigation will be made into the financial relations of American banking interests with the Nicaraguan government before final action is taken.

D. A. R. HELP PLAYGROUND.

New Amusement Center for Children to Open in July.

At a recent meeting of the Mount Vernon Chapter of the D. A. R., an appeal was made for funds to assist in the support of the playgrounds which a committee from the Parents and Teachers' Association are to open in July. A generous response was the result.

The grounds and basement of the Washington School will be used for this playground and recreation center and will be under the charge of a director who has had special training in this line of work.

Other organizations can do no better work then to help in this movement.

Contributions sent to Taylor Burke, the treasurer, of this committee, will be most acceptable.

Emmett Bullocku was fined $25 in Police Court this morning for an assault on his wife made on Saturday night.

SOCIAL AND PERSONAL

Interesting News Notes About People of Alexandria—Happenings in Society.

Notwithstanding the threatening clouds and the storm that burst on the sweltering city on last Friday night, Lee Camp Hall was crowded with the families and friends of the students of the Misses Rotchfords.

The room in which the recital was held, was prettily decorated with green and white, and the charms of youth and beauty possessed by the pretty girls on this occasion gave the historic Confederate home the appearance of dreamland. Space will not permit of mentioning all the talent displayed, but too much praise can not be bestowed on Mr. Ralph Solomon in his selected solo, and the "Action Song," by the class. The vocal duet, "Stars of the Summer's Night," by Miss Blanche Rotchford and Mr. R. Solomon was highly enjoyed, as was the solo, "Sighing of the Pines," by Miss Edith Whitton. It was a well prepared and executed program.

One application relieved him wonderfully, and a few days' treatment effected a cure. Many others have found quick relief by applying this liniment. For sale by all dealers.

CORALING OF GAMBLERS

Fifteen Men Caught in Net Forfeit Collateral by Failing to Face Police Court.

Two alleged gambling houses, both located in the heart of the city, were raided by the police at an early hour Sunday morning and two men, who were said to be the proprietors of the resorts, with thirteen other men, who were found playing cards, were placed under arrest.

The raids were made by Chief Goods, Sergeants Scott and Wilkerson, and Officers Nicholson, Campbell and Roland.

One of the houses was located on King street over a Greek lunch room, and the other was at the corner of King and Pitt streets, in the Lannon House building. A quantity of cards and considerable money which was found on the table was confiscated by the police.

The men who were arrested gave their names as Arthur Welch, Henry Phelps, William James, Henry Jones, Charles Jones, William Longfellow, James Williams, Roe Monroe, Chas. Aberson, William Jones, Charles Moy, Thomas Fearloam, C. E. Kimball, George Harris and Samuel Wilson, They each deposited $5 collateral for their appearance in the Police Court today and the two men charged with running the resorts, each deposited $25.

As had been anticipated they forfeited their collateral by failing to appear. The city treasury is richer by $115 by reason of the raids.

CALL FOR POLICE.

Shortly beore twelve o'clock Saturday night cries of "police" came from a man of large stature at the southeast corner of King and Fairfax streets. At the same time a man who had been with him ran east and disappeared.

The police responded immediately and when they interrogated the man who had invoked their assistance he stated that the man who had vanished attempted to rob him. He could give no description of the would-be thief save that he was a small man.

MEMORIAL FUND.

Martha Washington Chapter Adjourns Until September.

What will be known as Martha Washington Chapter memorial fund has been organized by Martha Washington Chapter, No. 42, Order of the Eastern Star, under the leadership of Mrs. Frederick J. Paff, worthy matron of the local chapter. Funds raised will be used in furnishing and maintaining a chapter room in the proposed Masonic memorial temple, which will be erected in Alexandria.

Its final meeting was held last week. The new associate conductress, Mrs. Christina E. Bales was installed by Mrs., Kate E. Carlin, first matron of Martha Washington Chapter. After the installation and initiation of candidates, a musical program, arranged by Mrs. Henry K. Field, was given. The soloists, all members of the local chapter, were Mrs. Sherman B. Fowler, Miss Minnie Weil, Miss Marguerite Field and Miss Margaret Finks. The accompanists were Sherman B. Fowler and Miss Gerlacher. Several visitors were present, among them being Mrs. Duke Torrison, worthy matron of Martha Washington Chapter No. 50, Clerendon, Va.

Arangements have been made by the chapter for a picnic August 31, to celebrate the birthday of Robert Morris, founder of the order. The committee in charge consists of Nevell S. Greenaway, worthy patron; Percy E. Clift, Mrs. Wealthy Schwarzmann and Miss Lucy Graves.

VIRGINIA'S NEW BISHOP

Letter of Acceptance Will Take a Month to Reach This City.

It will be at least a month before the letter of acceptance of the Rev. William Cabell Brown, elected bishop coadjutor of the Diocese of Virginia, reaches the Rev. William J. Morton, rector of Christ Church, who was the chairman of the committee appointed to notify him of his election. Dr. Brown cabled his acceptance to Mr. Morton on Friday.

His message was terse, containing four words, as follows:

'I accept. Letter follows."

Dr. Brown for many years has been a missionary in Brazil, and recently visited this country. He sailed for his foreign field just a few days before his election, and was informed of it by cable immediately upon his arrived at Rio de Janeiro. However, before replying he awaited the arrival of the official letter from the Council announcing its action in electing him as coadjutor to Bishop Gibson.

The office of coadjutor has been vacant for a long while. Several times men prominent in the church have been chosen to fill it, but upon each occasion they have declined. The recent illness of Bishop Gibson made it imperative that some one fill the vacancy because the work of the diocese was more than he could undertake.

Dr. Brown was born in Nelson County fifty-five years ago. He obtained his early education in the public schools and his theological training at the Virginia Theological Seminary, near this city.

Twenty-five years ago Dr. Brown went to Brazil and entered the missionary field in the southern section of that country. To teach the gospel he found it necessary to translate the Bible into Portuguese, a task which proved an immense one. He finally accomplished that work, and as a reward his church elected him first Bishop of Porto Rico and later Bishop of Cuba, but he declined both appointments, preferring to continue his labors in the missionary field.

He was nominated for the coadjutorship by the Rev. W. J. Morton, of this city

Dr. Brown's acceptance, while not a surprise, came as a distinct pleasure to the church in Virginia. While away for many years Dr. Brown has been in close touch with affairs at home, and is thoroughly intimate with the duties which the Virginia Council would have him perform.

He has achieved great results in Brazil, and his evangelical work has been widely recognized.

It is hoped by Alexandria churchmen that the new Bishop-coadjutor will follow the example of Bishop Arthur S. Lloyd and make his residence in Alexandria.

Fire Saturday Night.

Fire of incendiary origin destroyed a two-story frame dwelling, 912 Gibbon street, shortly after 10 o'clock Saturday night. It is reported that a short time before the fire a man was seen to come from the house, which was unoccupied. The house was the property of M. T. Dwyer. There was no insurance.

A light in an upper story of a house on the south side of King street, near Lee, caused an alarm of fire Saturday night. Upon investigation it was found that a man was reading in a room.

Colored Boy Drowned

Charles Parker, a colored boy, 14 years old, fell into the river from Aitcheson's wharf Saturday night about 8 o'clock and was drowned. The body was recovered by Enoch Davis and was removed by order of Coroner T. M. Jones to Demaine's undertaking establishment. An inquest was not considered necessary.

Funeral

Funeral services for Mrs. James M. Nourse, who died Friday afternoon at the residence of her daughter, Mrs. Albert D. Brockett, 318 North Washington street, were held Sunday afternoon from the Brockett residence. They were conducted by the Rev. John Lee Allison, pastor of the Second Presbyterian Church. Interment will take place in Absecon, New Jersey.

IMPETUS IN CHURCH BUILDING.

Reports from various parts of the country indicate that there will be a busier season in church building than for ten years past, despite the talk of financial and industrial depression. Contracts are let for [illegible] structures that will cost between [illegible],000,000 and $40,000,000.

While the [illegible] of houses [illegible] the time, [illegible]es is falling [illegible]ports subscription [illegible]s, synods, [illegible]e are, it will be remembered, a statement was made [illegible] assembly of Presbyterians [illegible] falling off in attendance [illegible] body throughout the country [illegible] approximately forty thousand [illegible]ly.

Many people fail to see the wisdom of the expenditure of lavish sums in bricks and mortar for church edifices when it is impossible to fill the pews of those already standing. If the colossal sum which is to be used in rearing additional church structures this year was devoted toward easing the burdens of the poor, who are ever with us, it is believed it would appeal more to the author of Christianity.

It is not more church buildings that are needed, but attendants in those already in existence.

It is estimated that between fifty and sixty thousand dollars are spent in Alexandria annually in maintaining churches, while it is a well-known fact that half of the present structures would accommodate all who attend such places.

In Dickens' "Little Dorritt" the author describes the bells of London churches tolling "Come, Come," but they do not come, and the voice of the preachers reverbrate around empty pews and galleries.

"Go-to-Church Sunday" has come and gone, and conditions have again become normal.

PASSING OF "UNCLE TOM'S CABIN."

A company which had been exhibiting "Uncle Tom's Cabin," has come to grief in Patterson, N. J. The company had previously produced the play to an empty house in Monroe, N. Y., where the manager announced the dissolution of the company. The actors had not the necessary wherewithal to pay their way to their respective homes.

"Uncle Tom's Cabin' had been lagging superflously upon the stage for some time, as we live in an age when the production, like Hinton Rowan Helper's "Impending Crisis," no longer appeals to the world.

The passing of Harriet Beecher Stowe's book brings to mind many reminiscences of by-gone days. Half a century ago it was one of the most universally read books in America, and it had an extentive sale in England. Although much in the volume is improbable and false, abolitionists preferred to believe the negress Eliza with her three-year-old boy in her arms was nimble enough to jump from one cake of ice to another in the night to escape the blacksnake whip of her unnatural master.

The work had much to do towards bringing about the four years' civil war, and at close of that conflict the play was produced at times throughout the country but it was then realized it had seen its day. The people gradually grew weary of the play, and those engaged in staging it found they did not enjoy a bonanza.

A few months ago the writer saw a copy of Mrs. Stowe's book on a shelf in a second-hand bookstore in Washington. It could have been purchased for ten cents. The present generation know but little about this ante bellum firebrand, nor are they anxious to peruse it. Like "Fox's Book of Martyrs," it has since been placed upon the shelf, as people of conservative spirits would prefer that the world forget the horrors they portray.

RIOT MARKS SUN WORSHIP

Crowd Rushes Police Who Eject Faithful from Stonehenge.

London, June 22.—More than 2,000 persons assembled at Stonehenge yesterday morning to witness the rising of the sun on this, the longest day of the year. The proceedings were marked by great rowdyism. The police and the public almost came to blows through the former interfering with a large party of sun worshipers, who attempted to offer prayers on the altar of stone.

The worshipers were warned to desist, and refusing, were forcibly ejected from the inclosure. About 500 men and youths attempted to remove the wire fence, which, they stated, had been erected illegally, but they were frustrated by the police.

FLESH-FORMING FOOD

When you buy a package of Samose, the great flesh forming food, weigh yourself and see how much you gain in the first week's use. E. S. Leadbeater and Sons will tell of many of their customers who a month or so ago were thin pale and haggard but who are now, through the use of Samose, plump, strong and happy, with perfect health and attractive flesh. They have seen so many instances of the wonderful power of Samose to restore the weak and sick to strength and health, and to make good natural flesh that they give their personal guarantee with every package of Samose they sell to refund the money if it does not prove satisfactory.

Samose is a pure preparation, and can be used with absolute confidence by the most delicate. It gives remarkable results with children who are weak and run down and without appetite.

Tobacco That is Good For Your Nerves

TUXEDO actually *soothes* the nerves. It is just mild enough to keep your nervous system in poise, your muscles in tone. Unlike other tobaccos, Tuxedo *burns cool* and *slow*. There cannot be a speck of irritation in a pound of Tuxedo.

Great singers smoke Tuxedo just before a performance. Public speakers testify as to its soothing influence. Doctors recommend it to smokers whose throats are delicate.

Tuxedo
The Perfect Tobacco for Pipe and Cigarette

The secret of its superiority is the unique "Tuxedo Process" by which all the unpleasant features are eliminated from tobacco.

Another reason is that Tuxedo is made from the *best tobacco grown* — the choicest, mildest, mellowest leaves of the highest grade Burley tobacco.

Tuxedo is widely imitated—but no other manufacturer has succeeded in making a tobacco as good as Tuxedo.

Go to your dealer today and get a tin of Tuxedo. It will give you the greatest pleasure and satisfaction that money will buy.

ALLEGED MURDERER TAKEN.

He had Escaped From Jail and Held in Virginia Mountain.

Luray, Va., June 22.—Charles D. Sisk, who escaped from the Madison County jail several months ago, was captured Saturday night in the Blue Ridge Mountains 14 miles from Luray by 14 deputy sheriffs. The officers had been on his trail for several days.

Sisk was found in the home of a relative. He refused to surrender until the officers threatened to burn the building and shoot him if he attempted to escape.

He is charged with several murders, the last being the killing of William Dodson, about a year ago.

FRANK FRAZIER ACQUITTED.

Cleared of Charge of Being Accessory to Cousin's Murder.

Harrisonburg, Va., June 22.—Frank Frazier has been acquitted in the Greene County Court of the charge of being an accessory to the murder of William Frazier, his hunchback cousin, last January. William Frazier was shot and killed by Grover Breeden in a quarrel over a card game. Breeden emptied a shot gun load into Frazier's side from a distance of only five feet. The murderer then took to the mountains, but was captured that night by a posse. He was given 10 years in the State penitentiary.

BURNS HIMSELF TO DEATH

Man's Wife, in Trying to Put Out Flames, Also Fatally Burned.

McEwen, Tenn., June 22.—J. L. Carter, a wealthy farmer and lumberman, yesterday was burned to death and his wife fatally injured when the former saturated his clothes with oil and set them on fire. Mrs. Carter's dress caught fire when she attempted to put out the flames, and she sustained burns from which she died early tonight.

The charred bodies were found by George Nesbitt, a neighboring farmer, who was attracted by the woman's screams. The woman still was conscious, although her clothing had been burned from her body. She described the tragedy to physicians, who were summoned in a vain effort to save her life.

FACES SERIOUS CHARGE

Mississippi's Lieutenant - Governor Accused of Accepting Bribe.

Jackson, Miss., June 22.—Mississippi's Lieutenant-Governor, Theodore G. Bilbo, has been summoned to appear before the next Hinds County Circuit Court and defend a charge that he accepted $200, and agreed to take $1,800 more for his vote and influence in favor of a bill pending before the last Legislature. With State Senator G. A. Hobbs, he was jointly indicted at Vicksburg, but the case was brought here on a change of venue. Hobbs was declared not guilty at Vicksburg, after a rather sensational trial.

TOBACCO CROP A FAILURE.

Lynchburg, Va., June 22.—The drought, which has prevailed here for more than two months, has done great damage and many farmers in this section will have no summer crops. Hundreds of planters have been unable to get tobacco plants transplanted. It is said that even with favorable conditions for the rest of the season not more than one-fourth of a crop will be raised. Five or six large factories will be without a crop to buy or handle. The crop last year sold here for more than $1,500,000.

The hay and spring oats crops have been almost entire failures. Wheat is short and corn is making no headway.

The drought has also been hard on the canning industry of this section and few, if any of the canneries will open during the season.

PRAYER OFFERED FOR RAIN.

Harrisonburg, Va., June 22.—The Rev. Frazier Furr offered prayer yesterday for rain to break the dry spell that is playing havoc with crops in Rockingham county. This is the forty-seventh day of the drought in this vicinity. No rain of consequence has fallen since May 4.

All garden crops are damaged. The wheat crop, it is estimated, will be cut in half. Corn, in many places, will have to be re-planted.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This remedy always wins the good opinion, if not the praise, of all who use it. Mrs. F. A. Hood, Burrows, Ind., writes, "I have found Chamberlain's Colic, Cholera and Diarrhoea Remedy a positive cure for cramps and summer complaint." For sale by all dealers.

MORE DOUBLE TRACKING

Southern Railway Company's Extensive Improvements Planned for Danville Division.

Lynchburg, Va., June 22.—During the past week more than fifty railway contractors have gone over the Southern Railway between Elma and Amherst Courthouse, which the company proposes soon to double track. The presence of these contractors there gives rise to the belief that the improvement is to be undertaken without further delay. All the surveys were completed more than a year ago, and it is believed the work up to this time has been delayed pending the rate decision by the interstate Commerce Commission.

The distance to be covered by the contracts is nineteen miles, some of which will be very costly construction. One cut near New Glasgow will cost the company about $370,000 in excavation alone. The cut will be eighty feet deep for two tracks, the new grade at that point being seventeen feet lower than the present track.

The system last year extended the double track from Monroe to a short distance north of Amherst Courthouse, and the next link will take it as far north as twenty-seven miles south of Lynchburg and will give about seventy miles of double track through Lynchburg. It is believed that within the next two or three years the entire distance between Washington and Danville, a distance of 240 miles, will be under double track.

AUTOIST LOSES HIS LIFE

Richmond Man Is Drowned in Mattaponi River.

Richmond, Va., June 22.—J. Purcell Diabney, of 509 North Eleventh street, drove an automobile off a ferry at Aylletts, Va., about 10 o'clock on Saturday night into the Mattaponi River, and was drowned. The body was recovered yesterday morning wedged in the driver's seat of the immersed car.

MARRIAGE FRUSTRATED

Would-Be Bride and Groom Intercepted While in the Act of Procuring License.

Gustavus Pritchard, aged 26, and Sadie Day, aged 18, who reside near Camp Spring, Md., appeared in this city this morning, bent upon matrimony. The couple had entered the office of the clerk of the Corporation Court for the purpose of procuring a license when the heculean form form of Chief Goods suddenly loomed up, and brought the procedure to a standstill.

It seems that the parents of the young woman, James and Lucy Day, were not ready to pronounce a blessing upon the nuptials and sent Preston B. Allen, brother-in-law of Miss Day, to prevent the marriage. He pursued the elopers to this city and arrived in the nick of time, as had he been fifteen or twenty minutes later the couple would have tied a knot with their lips which they could not have loosened with their teeth.

Miss Day subsequently started for home in company with her brother-in-law, and the would-be benedict followed in their twain.

Fought With Lions.

Set upon by five angry, half-famished lions, unarmed, and with an aged lioness as his only defender, Emerson D. Dietrich, of Brooklyn, N. Y., a Cornell graduate and manager of a trained animal act, fought a thrilling but futile battle for his life in a box car in the yards of the Santa Fe Railway, at Chicago, yesterday afternoon. Before aid could reach him, Dietrich had practically been torn to bits by the infuriated beasts, which crouched over the bleeding body, refusing to permit it to be dragged from the cage until they had been forced away by the fumes of formalhyde. Nearly every bone in Dietrich's body had been broken, and it had been gored beyond recognition by the beasts.

VIRGINIAN KILLED.

Salesman Trapped Between Elevator and Shaft Wall.

Chattanooga, Tenn., June 20.—Caught between the casing of an elevator and the walls of a shaft in a local hotel, Elmer E. Cross, of Suffolk, Va., a traveling salesman, died last night in view of several hundred people unable to help him.

He fell on top of the car as it passed him on the third floor, and his head and arms caught on the walls of the shaft until the car came to a halt just below the second floor. The elevator could not be moved, and Cross screamed for help until he died, about twenty minutes later.
